

# Corel® VideoStudio® PRO X8

Live Life. Make Movies.

## Sales Information Sheet

Already known for its power and professional-looking results, Corel® VideoStudio® Pro X8 makes video editing better than ever with new time-saving features and even more creative tools. Common editing tasks are streamlined, freeing users to focus on the creative side of movie making. Pro-inspired effects, including more overlay options, easy Freeze Frame and Video Masking let anyone create impressive titles and transitions. Along with 1,500+ effects, VideoStudio Pro X8 comes with bonus effects from industry leader NewBlue and 17 royalty-free tracks from Triple Scoop Music. From personal movies and screen recordings, to stop motion animation and slideshows, every video looks its best thanks to new XAVC S support for 4K and HD.

### Target Market

#### Multimedia enthusiasts

These hobbyists embrace new technologies, possess multiple cameras and choose VideoStudio Pro for its speed, stability, rich features and creative freedom.

#### Action videographers

Owners of GoPro or other action cameras who film their exploits—on a mountain bike, surf board or cliff ledge—and have developed an interest in video editing to share their adventures.

#### The 'new' videographer

YouTube users who want to learn and exchange ideas, entertain, and share their stories, causes, and passions, will find the speed, creative tools and high-quality output they need in VideoStudio Pro X8.

### Competitive Positioning

#### Fast and easy video editing

From personal movies and action-cam videos, to screen recordings and slideshows, VideoStudio Pro X8 is the fast and easy way to create amazing movies. Drag and drop photos, videos, and audio tracks onto the customizable workspace. Layer photos, videos, effects, transitions and other content on up to 21 multimedia tracks to create sophisticated movies.

#### New creative possibilities

Enhance your video with the refined effects in VideoStudio Pro X8. Get more control over how overlays blend with the background, create interesting effects with Video Masking and Freeze Frame. Convert titles to Alpha Channel files for professional results. Along with 1,500+ effects, titles and transitions, you get over 100 presets in 10 plugins from NewBlue.

#### Faster and more compatible

VideoStudio Pro X8 builds on its proven 64-bit performance with improvements in playback and rendering. Plus, 4K hardware acceleration delivers over 400% faster 4K and HD rendering than the previous version when using the latest Intel 5th generation chips.

#### Built-in learning resources

Access a wide range of learning resources from within the Help menu. Search the latest Help, download the User Guide (PDF) or watch one of the many video tutorials in the Discovery Center.

### Key Features and Benefits

#### End-to-end movie making

With three intuitive modes, VideoStudio Pro X8 guides you through the entire editing process as you turn video clips into compelling movies. Easily import and organize your content in Capture mode. Edit, arrange content and add creative effects in Edit mode. Choose formats for web, disc, device or computer output in Share mode. Powered by 64-bit performance and packed with intuitive tools, VideoStudio Pro X8 is everything you need for all your video projects.

#### Instant movies with FastFlick™

Create a movie or slideshow in minutes with FastFlick, the 3-step movie app. Simply select a template, add your media and share your movie to Facebook, YouTube, Flickr or Vimeo.

#### NEW! Pro-level creative effects

Impress your audience with sophisticated on-screen titles, graphics and transitions. Create unique effects with new overlay options and use Video Masking to hide or reveal different parts of your video. Easy Freeze Frame lets you stop the action to focus on a single frame.

#### NEW! Clearer audio

Get high-quality sound with new Audio Ducking, which detects dialog or narration and automatically lowers the volume of background sound. Adjust the Ducking Level and Sensitivity for even more control.

#### NEW! NewBlue FX Video Essentials II

Create vignettes, enhance and adjust color, correct lens distortion and much more with over 100 presets in 10 plugins.

#### NEW! More music

Choose the perfect soundtrack for your movie with the ScoreFitter library of royalty-free songs and sounds, which automatically adjust to fit the length of your video. Plus, get 17 royalty-free tracks from Triple Scoop Music.

#### More time-saving features

Work faster and focus on the creative parts of your projects thanks to smart features that do more for you. In the Library, new Thumbnail Ticking marks clips with a checkmark once they have been used, so you can easily avoid using the same footage twice. Multiple Projects Editing makes it easy to reuse videos you have already created in new projects, and now you can save and reuse your customized Filters and Transitions.

### Key Features and Benefits (cont)

#### NEW! XAVC S support

Work with XAVC S, a new standard for video cameras based on MP4-AVC/H.264 and get support for resolutions up to 4K 3840 x2160.

#### Create video for the web, DVD, AVCHD™ and mobile devices

Capture and edit the perfect online video for YouTube, Facebook, Vimeo or Flickr. Share anywhere with the ability to create videos for the web, desktop, DVD and mobile devices. Batch convert video to today's most popular formats. Save AVCHD 2.0 files to an SD card or output your 3D files to MVC format for instant viewing on compatible devices.

#### ENHANCED! Motion tracking settings

More mosaic types and better size control let you perfectly blur a face or car plate in your clip. Easy motion tracking also lets you target and track moving objects on screen and connect them to elements such as text and graphics.

#### ENHANCED! Screen Capture

Recording directly from your screen is a great way to add custom content to presentations, demos or training videos. With enhanced Screen Capture, you can easily capture both system audio and microphone sound. Snap View Capture works in Windows 8 to let you record Windows apps in action.

#### Additional formats supported

Enjoy more compatibility with import support for MKV files, which act as multimedia containers that can hold video, audio and subtitles in one file. New MOV (H.264 format) support expands VideoStudio's export options, which also include AVI, MPEG-2, QuickTime, WebM, Windows Media Format, HTML5 and more.

### Box & Case Dimensions (Estimated)

	Single Box		Case (10 pack quantity)	
	Imperial	Metric	Imperial	Metric
Weight (Approx.)	0.23 lb.	0.110 kg	2.72 lb.	1.23 kg
Height	7.50 in.	19.05 cm	8.25 in.	20.96 cm
Width	5.25 in.	13.34 cm	5.88 in.	14.92 cm
Depth	1.25 in.	3.180 cm	14.5 in.	36.83 cm

### Part Number, UPC Codes

Product	Part Number	UPC Code
VideoStudio Pro X8 Multilingual EU Minibox	VSPRX8MLMBEU	7-35163-14649-3
VideoStudio Pro X8 Ultimate Multilingual EU Minibox	VSPRX8ULMLMBEU	7-35163-14650-9

### System Requirements

- Intel Core Duo 1.83 GHz Processor or AMD Dual Core 2.0 GHz Processor (Intel Core i5 or i7 Processor, or AMD Phenom II X6 or X8 Processor recommended)
- Microsoft Windows 8, Windows 7, Windows Vista or Windows XP with latest service packs installed (32-bit or 64-bit editions)
- 2 GB of RAM (4 GB of RAM or higher and 1 GB of VRAM or higher recommended)
- 1024 x 768 screen resolution
- Windows-compatible sound card
- Windows-compatible DVD-ROM drive for program installation/Windows-compatible DVD burner for DVD output\* (Windows-compatible Blu-ray Disc™ burner for Blu-ray Disc and DVD output recommended)

\*Blu-ray authoring requires a plugin that can be purchased from within VideoStudio.

For editing of 3D and full HD video, Corel recommends an Intel Core i7 or AMD Phenom II X8 processor with Windows 7 or Windows 8 64-bit operating system and minimum 4 GB of RAM. For editing of 4K video, a 4th generation Intel Core i7 processor is highly recommended.

### Supported input/output devices

- iPhone, iPad, iPod Classic with video, iPod touch, Sony PSP, Windows and Android smartphones
- Cameras and camcorders that record to internal memory, memory card, DVD disc or hard drive
- USB capture devices, PC cameras, webcams
- IEEE 1394/FireWire cards for use with DV, D8, or HDV camcorders
- USB Video Class (UVC) DV
- Support for OHCI-Compliant IEEE-1394
- Analog capture cards for analog camcorders (VFW and WDM support for Windows XP and Broadcast
- Driver Architecture support for Windows Vista and Windows 7
- Analog and digital TV capture device (Broadcast Driver Architecture support)
- Windows-compatible Blu-ray Disc, DVD-R/RW, DVD+R/RW, DVD-RAM and CD-R/RW drives
- Digital Single-Lens Reflex (SLR) cameras for stop motion: EOS-1D Mark III, EOS-1D Mark IV, EOS-1Ds Mark III, EOS 1D X, EOS-1D C, EOS 5D Mark II, EOS 5D Mark III, EOS 6D, EOS 7D, EOS 40D, EOS 50D, EOS 60D, EOS 60Da, EOS 450D/Rebel XSi, EOS 500D/Rebel T1i, EOS 550D/Rebel T2i, EOS 600D/Rebel T3i, EOS 650D/Rebel T4i, EOS 1000D/Rebel XS, EOS 1100D/Rebel T3, EOS M
